

Dear Mr. Harold... "thin little" - to write
in your way. The place is splendid in
fact and we enjoy the new time very
much although the weather being that
bad for some days. Morda is with us
she misses us like little children
and I am so glad seeing my daughter
coming faster from day to day. We speak
very often of you and the time we
spent with you, debating politics and
other interesting subjects. Did you write
kindly to Mrs. Ling? She passed a letter
for the change. I have long thought of
writing to you.
